ABOUT US

Niscolt is a leading manufacturer of premium natural products, including jaggery, honey and cooking oil. Committed to quality and purity, we source the finest natural ingredients to provide healthy, chemical-free alternatives for your everyday needs. Our products promote wellness and sustainability for a better lifestyle.

WHY ONLY WE:

Purity and Quality: We prioritize purity and superior quality in every product we create.

Finest Natural Ingredients: Our natural jaggery, honey and cooking oil are made from the best natural ingredients.

Traditional Methods, Modern Standards: We combine traditional methods with modern practices to ensure authenticity and excellence.

Health Benefits: Our products are crafted to deliver the best taste and maximum health benefits.

WOOD PRESSED GROUNDNUT OIL

Niscolt Groundnut Oil is a premium-grade cold-pressed oil extracted from carefully selected, high-quality peanuts using the traditional Kachi Ghani method. This slow, natural extraction process ensures the oil retains its authentic nutty aroma, clear golden hue, and full spectrum of nutrients, including heart-healthy monounsaturated fats, Vitamin E, and antioxidants.

Free from additives, chemicals, and preservatives, Niscolt Groundnut Oil meets the highest standards of purity and quality. Its high smoke point and rich flavor profile make it a trusted choice for bulk buyers across food processing, export, and HoReCa industries.

HEALTH BENEFITS OF GROUNDNUT OIL

- **Heart-Friendly Oil:** Rich in monounsaturated fats that support heart health.
- **High Smoke Point:** Suitable for frying and deep cooking without losing nutrients.
- **Rich in Antioxidants:** Helps protect the body from oxidative stress.
- **Supports Metabolism:** Provides sustained energy throughout the day.
- **Naturally Cholesterol-Free:** A healthy alternative to refined oils.

WOOD PRESSED SESAME OIL

Niscolt Woodpressed Sesame Oil is extracted from premium sesame seeds using the traditional woodpress technique. This ancient method preserves the oil's deep aroma, natural colour, and therapeutic properties. Widely used in cooking and wellness practices, this oil is valued for its nutritional richness and purity. It contains no chemicals, additives, or preservatives.

HEALTH BENEFITS OF SESAME OIL

- **Supports Bone Health:** Rich in calcium and essential minerals.
- **Improves Heart Health:** Contains healthy fats that support balanced cholesterol levels.
- **Aids Digestion:** Helps improve digestion and gut function.
- **Anti-inflammatory Properties:** Supports joint and muscle health.
- **Promotes Oral & Skin Health:** Traditionally used for oil pulling and skin nourishment.

WOOD PRESSED COCONUT OIL

Niscolt Woodpressed Coconut Oil is a premium, natural oil extracted from carefully selected dried coconuts using the traditional woodpress (chekku) method. This slow and chemical-free process helps retain the oil's natural aroma, nutrients, and purity. Known for its mild coconut flavour and clear texture, this oil is ideal for cooking, skincare, and hair care. Free from additives, preservatives, and refining, it is a wholesome choice for health-conscious households and commercial buyers.

HEALTH BENEFITS OF COCONUT OIL

- **Boosts Energy:** Rich in natural medium-chain fatty acids that provide quick energy.
- **Supports Heart Health:** Helps maintain healthy cholesterol levels when consumed in moderation.
- **Improves Digestion:** Aids nutrient absorption and supports gut health.
- **Enhances Skin & Hair Care:** Nourishes skin and strengthens hair naturally.
- **Strengthens Immunity:** Contains antimicrobial properties that support immune health.

WOOD PRESSED SUNFLOWER OIL

Niscolt Woodpressed Sunflower Oil is produced from carefully sourced sunflower seeds using a natural woodpress process. This method ensures the oil retains its light texture, natural flavour, and nutritional value. Ideal for daily cooking, this oil is free from refining, chemicals, and artificial additives, making it a clean and healthy choice for modern lifestyles.

HEALTH BENEFITS OF SUNFLOWER OIL

- **Rich in Vitamin E:** Supports skin health and boosts immunity.
- **Promotes Heart Health:** Helps maintain healthy cholesterol levels.
- **Light & Easily Digestible:** Suitable for regular cooking and sautéing.
- **Supports Brain Function:** Contains healthy fats essential for brain health.
- **Natural Energy Source:** Provides sustained energy without heaviness.

TULSI HONEY

Niscolt Tulsi Honey is a premium, monofloral honey produced from the nectar of Tulsi (Holy Basil) flowers, collected by bees in pesticide-free regions. Known for its rich herbal aroma, amber color, and potent health benefits, this honey is 100% natural, unprocessed, and free from additives or artificial sweeteners. It is carefully packed under hygienic conditions and available in bulk packaging, making it an ideal choice for food manufacturers, health product brands, exporters, and HoReCa industries seeking a unique, Ayurvedic honey variety with functional benefits.

HEALTH BENEFITS OF TULSI HONEY

- **Boosts Immunity:** Tulsi is a natural immunomodulator; when combined with honey, it enhances the body's resistance to infections.
- **Supports Respiratory Health:** Helps relieve cold, cough, asthma, and sore throat symptoms naturally.
- **Improves Digestion:** Acts as a mild digestive tonic, relieving bloating and indigestion.
- **Antioxidant-Rich:** Combats free radicals, slows down aging, and supports cellular health.
- **Reduces Stress:** Tulsi's adaptogenic properties help reduce anxiety and promote mental clarity.
- **Aids in Detoxification:** Helps cleanse the body and supports liver function.

PURE WILD HONEY

Niscolt Pure Wild Honey is a premium, unprocessed honey harvested from wild bee colonies in untouched forest areas. Known for its rich aroma, deep golden colour, and complex flavor profile, this honey is a natural treasure sourced sustainably from diverse wildflowers and forest blossoms.

Free from additives, preservatives, or any form of adulteration, Niscolt Pure Wild Honey preserves all its natural enzymes, antioxidants, and medicinal properties, making it a valuable product for bulk buyers in food manufacturing, health supplements, retail, and export sectors.

HEALTH BENEFITS OF PURE WILD HONEY

- **Boosts Immunity:** Rich in antioxidants and natural antibacterial compounds.
- **Aids Respiratory Health:** Helps soothe coughs, colds, and sore throats naturally.
- **Supports Digestive Health:** Contains enzymes that improve digestion and gut flora balance.
- **Wound Healing & Skin Care:** Antimicrobial properties promote faster healing of cuts and skin infections.
- **Energy Booster:** Natural sugars provide quick yet sustained energy release.
- **Anti-inflammatory Effects:** Helps reduce inflammation and supports joint health.

JAMUN HONEY

Niscolt Jamun Honey is a high-quality, mono-floral honey derived from the nectar of Jamun (Indian blackberry) flowers, harvested during the peak blooming season. Known for its rich, dark amber color, slightly tangy flavor, and medicinal properties, this honey is processed minimally to retain its natural enzymes, antioxidants, and therapeutic compounds. Free from additives and preservatives, Niscolt Jamun Honey meets the growing demand for functional foods in both health and culinary industries. It is hygienically packed and offered in bulk to suit diverse business requirements.

HEALTH BENEFITS OF JAMUN HONEY

- **Diabetes Support** – Low glycemic index; may help manage blood sugar when consumed in moderation.
- **Boosts Immunity** – Rich in antioxidants and antibacterial compounds.
- **Improves Digestion** – Helps regulate metabolism and relieve acidity.
- **Promotes Heart Health** – Contains natural compounds that support healthy cholesterol levels.
- **Supports Skin & Liver Health** – Acts as a natural detoxifier and healing agent.
- **Anti-inflammatory & Antimicrobial** – Helps fight infections and reduce inflammation naturally.

AJWAIN HONEY

Niscolt Ajwain Honey is a rare and medicinal-grade monofloral honey derived from the nectar of Ajwain (carom) flowers. Known for its strong, slightly spicy aroma and therapeutic value, this honey is 100% pure, unprocessed, and free from any artificial additives or preservatives. Harvested with care and packed hygienically, Niscolt Ajwain Honey is a premium offering for businesses looking to supply functional, Ayurvedic, and health-enhancing honey in both domestic and international markets. We offer customized bulk packaging to meet the diverse needs of food processors, herbal product manufacturers, and institutional buyers.

HEALTH BENEFITS OF AJWAIN HONEY

- **Supports Digestive Health:** Acts as a natural remedy for acidity, indigestion, gas, and bloating.
- **Boosts Immunity:** Antibacterial and antifungal properties enhance the body's natural defenses.
- **Relieves Cold & Cough:** Soothes sore throat and respiratory discomfort.
- **Controls Infections:** Natural antiseptic properties help fight common infections.
- **Improves Metabolism:** Stimulates digestion and fat burning, supporting weight control.
- **Liver Detoxification:** Assists in flushing out toxins and improving liver function.

MULTIFLORA HONEY

Niscolt Ajwain Honey is a rare and medicinal-grade monofloral honey derived from the nectar of Ajwain (carom) flowers. Known for its strong, slightly spicy aroma and therapeutic value, this honey is 100% pure, unprocessed, and free from any artificial additives or preservatives. Harvested with care and packed hygienically, Niscolt Ajwain Honey is a premium offering for businesses looking to supply functional, Ayurvedic, and health-enhancing honey in both domestic and international markets. We offer customized bulk packaging to meet the diverse needs of food processors, herbal product manufacturers, and institutional buyers.

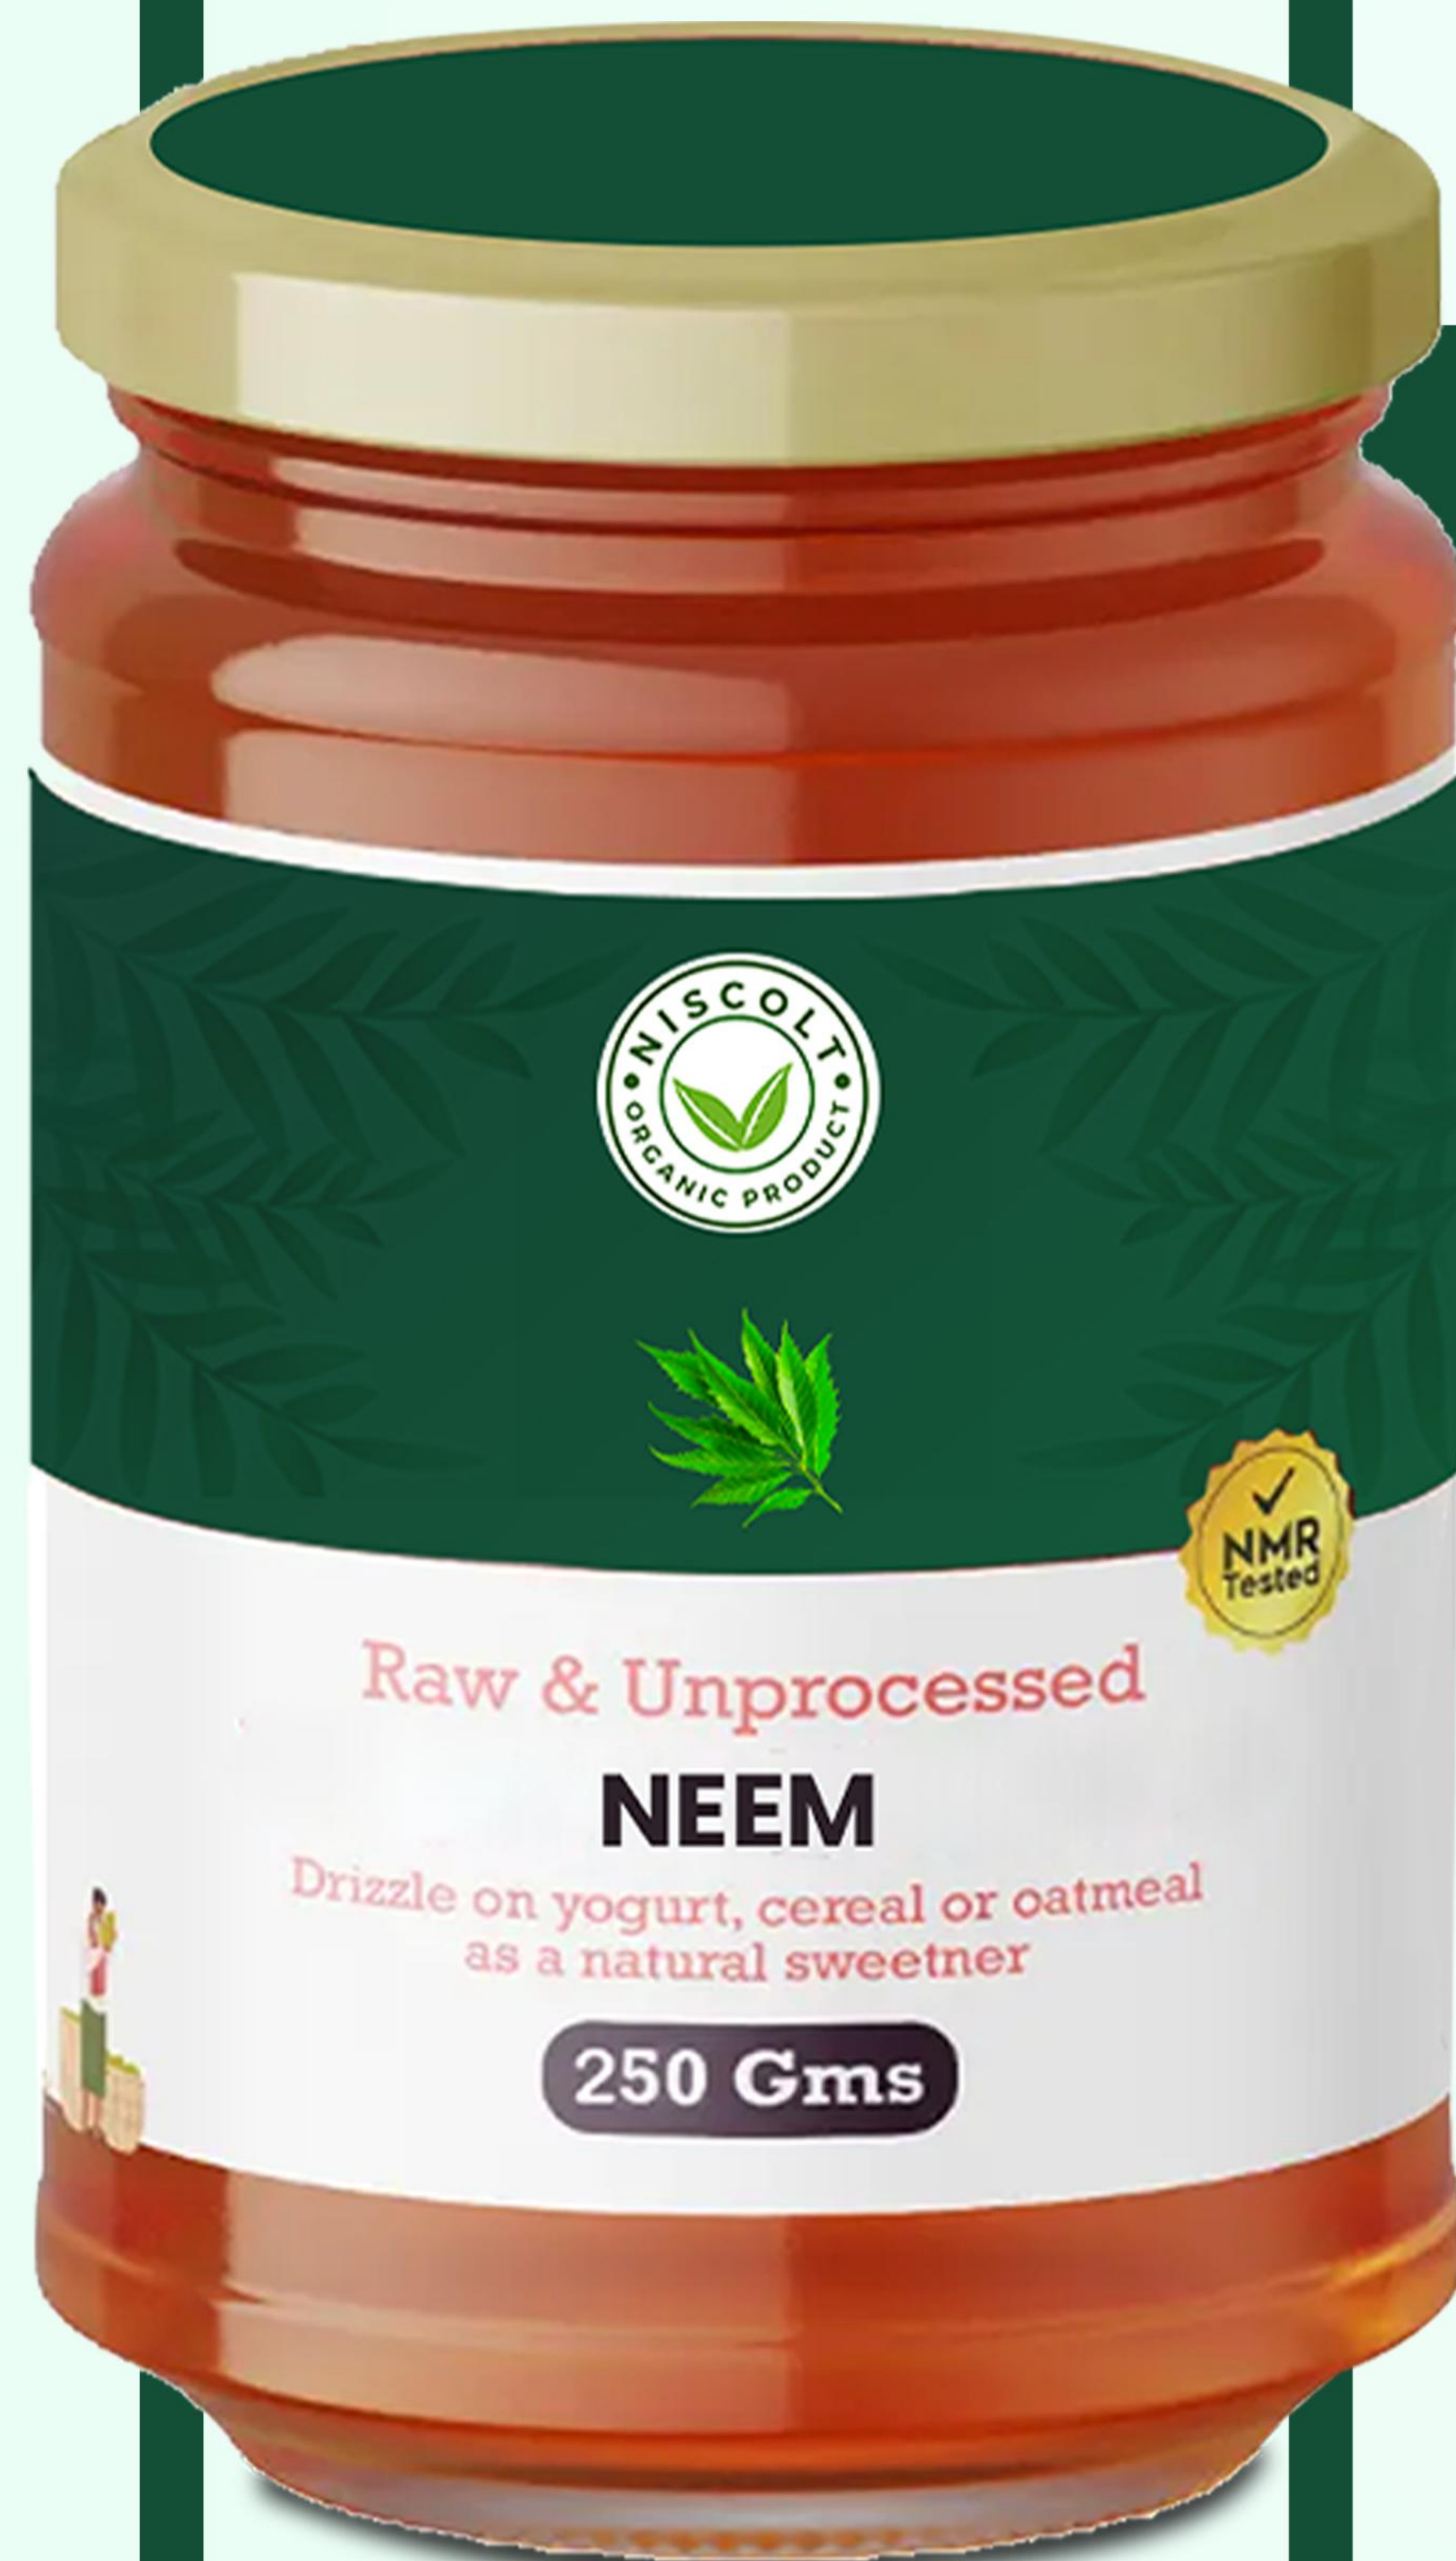

HEALTH BENEFITS OF MULTIFLORA HONEY

- **Digestive Aid:** Relieves acidity, bloating, and indigestion naturally.
- **Immunity Shield:** Packed with diverse antioxidants to strengthen defenses.
- **Cough & Cold Relief:** Soothes sore throats and calms respiratory irritation.
- **Natural Antiseptic:** Effectively fights infections with potent antibacterial properties.
- **Metabolic Boost:** Enhances digestion and supports healthy weight management.
- **Liver Detox:** Flushes out toxins and supports vital liver functions.

NEEM HONEY

Niscolt Neem Honey is a rare and medicinal-grade monofloral honey derived from the nectar of Neem (*Azadirachta indica*) blossoms. Known for its distinct, mildly bitter undertones and high therapeutic value, this honey is 100% pure, unprocessed, and free from any artificial additives or preservatives.

Harvested with care and packed hygienically, Niscolt Neem Honey is a premium offering for businesses looking to supply potent, Ayurvedic, and health-enhancing honey in both domestic and international markets. We offer customized bulk packaging to meet the diverse needs of food processors, herbal medicine manufacturers, and institutional buyers seeking honey with powerful anti-inflammatory and blood-purifying properties.

HEALTH BENEFITS OF NEEM HONEY

- **Digestive Aid:** Relieves ulcers, acidity, and gut inflammation.
- **Immunity Shield:** High bioactive content to strengthen natural defenses.
- **Cough & Cold Relief:** Clears congestion and calms throat irritation.
- **Natural Antiseptic:** Potent antibacterial action for internal healing.
- **Blood Purifier:** Cleanses the bloodstream and improves skin health.
- **Liver Detox:** Flushes systemic toxins and enhances liver function.

ORGANIC JAGGERY

Made from the finest sugarcane juice, Niscolt Jaggery is a natural sweetener packed with nutrition and authentic taste. Unlike refined sugar, it retains vital minerals like iron, magnesium, and potassium, making it a healthier choice. Its rich, caramel-like flavor adds depth to traditional sweets, beverages, and everyday cooking.

- 100% natural, chemical-free, and unrefined.
- Known to boost energy and aid digestion.
- A wholesome sweetener rooted in tradition and wellness.

ORGANIC JAGGERY POWDER

Niscolt Jaggery Powder is a convenient and healthier alternative to sugar, offering the same nutritional richness as solid jaggery. Its fine texture makes it easy to blend in tea, coffee, milk, and desserts while adding a natural golden sweetness. Loved for its earthy aroma and quick solubility, it is perfect for modern kitchens with a traditional touch.

- Retains natural minerals for added health benefits.
- Dissolves quickly, making it ideal for daily use.
- A pure, versatile sweetener that brings authentic taste to every recipe.
